This agreement is between _____ (Owner) and Rental Property Consultants LLC, doing business as LeaseGR Rental Property Management (LeaseGR). Owner certifies that he/she owns the property identified above and the mortgage and taxes are current. Owner agrees the property shall be listed for leasing by LeaseGR. Owner hereby indemnifies, defends and saves LeaseGR and its agents harmless from all suits, claims, liabilities, costs and damages arising from, or in connection with, the leasing of the property. The rental agreement will be between the owner and the tenant. LeaseGR will not be liable for any actions tenants take after assuming occupancy.

Full-Service Leasing—85% of one month's rent

LeaseGR will: 1) market the property; 2) have access to the property to show prospective tenants; 3) provide owner with a completed application for qualified prospects; 4) run credit checks on applicants; 5) verify employment, income and landlord references; 6) provide information about qualified applicants to owner and offer an approval recommendation; and 7) coordinate lease signing and move-in. Owner will decide whether to accept or deny any applicant. If LeaseGR finds an acceptable tenant, owner agrees to pay LeaseGR a commission of 85% of one month's rent, due upon lease signing. After the original lease term expires, a fee equal to 10% of one month's rent shall be paid to LeaseGR in the event of a 6- or 12-month lease renewal.

Tenant Referral—65% of one month's rent

LeaseGR will: 1) market the property; 2) forward qualified leads to owner (owner will show property); 3) provide owner with a completed application for qualified prospects; 4) run credit checks on applicants; 5) verify employment, income and landlord references; 6) provide information about qualified applicants to owner and offer an approval recommendation; and 7) coordinate lease signing and move-in. If LeaseGR generates a lead that results in a tenant, owner agrees to pay LeaseGR a commission of 65% of one month's rent, due upon lease signing. (Basically, showings are the owner's responsibility with this option.) After the original lease term expires, a fee equal to 10% of one month's rent shall be paid to LeaseGR in the event of a 6- or 12-month lease renewal.
